

MOON

«MOON: high tech trend clock.»

◆ QUARTZ SYSTEM

High precision

The mechanism of quartz clock, based on the phenomenon of piezoelectricity, is one of the most energy-efficient, for a reliability of a 1 second discrepancy over a 6 years running period.

◆ DESIGN

High tech trend

The big Arabic numerals and the white backlight system of MOON are easily readable wherever you are in the room.

And more MOON is a staunch resistant product with nice finishes (aluminium) for a good price.
