

TEMPUS

« TEMPUS: Multifunction wall clock Perfect in work place. »

DIGITAL WEATHER DISPLAY

High precision

TEMPUS display is equipped with a thermometer digital display in Celsius degree C° which enables you to know the temperature of your work environment in real time.

DESIGN

Classical and high tech design

TEMPUS is the archetype of a classical clock: the sober shapes and grey display makes it possible to fit any place from classical to contemporary areas.

LONG DISTANCE READABILITY
