

1118 EKEBY B35 16'' PFK

Hörby Bruk's mortar wheelbarrow withstands the toughest challenges. The puncture-free wheel, named Flex Pro, is a solid-cast wheel designed to avoid punctures while still providing the smooth feel of pneumatic tires. The construction is deep and narrow for enhanced maneuverability, featuring a fully-pressed tray hand-welded to the undercarriage for optimal stability. The fully-pressed tray prevents, for example, mortar from sticking to protruding bolt heads. The robust handles have knuckle guards, and the leg supports are equipped with wear plates.

- ▶ All welded, heavier professional barrow with 1.35 mm steel
- ▶ An Ekeby-classic with the professionals
- ▶ Bigger puncture-free wheel, delivered assembled
- ▶ Made in Sweden

Uncompromising craftsmanship, outstanding quality

By choosing a Hörby Bruk product, you invest in safety and long-lasting service. All our products are tested and carefully inspected to assure both correct functionality and high safety. Our play equipment is of course CE marked and meets the European EN 71 standard on the safety of toys. Many play equipment products have also been tested and approved by TÜV. The company has been certified for quality and environmental management according to the ISO 9001 and ISO 14001 standards.
