

## 1144 EKEBY B35 w LIFTING LUGS

Hörby Bruk's mortar wheelbarrow can withstand the most demanding tasks. The design is deep and narrow for increased maneuverability, with a fully-pressed tray welded to the undercarriage to achieve optimal stability. The fully-pressed tray ensures, for example, that mortar does not get stuck on protruding bolt heads. The tray is also equipped with lifting loops, allowing the wheelbarrow to be hoisted. The robust handles have knuckle guards, and the leg supports are equipped with wear plates.

- ▶ All welded, heavier professional barrow with 1.35 mm steel and lifting lugs
- ▶ An Ekeby-classic with the professionals
- ▶ With knuckle guards, delivered assembled
- ▶ Made in Sweden

<b>Max load</b>	200 kg
