EKEBY B35 16'' PFK w LIFTING LUGS

Our mortar tray Exklusiv comes with several additional features such as a tipping guard, lifting loops, knuckle guards, and our puncture-free professional wheel Flex Pro. The puncture-free wheel, named Flex Pro, is a fully cast wheel designed to avoid punctures while still providing the smooth feel of pneumatic tires. The design is deep and narrow for increased maneuverability, with a fully-pressed tray welded to the undercarriage for optimal stability. The fully-pressed tray prevents materials, such as mortar, from sticking to protruding bolt heads. The tray is also equipped with lifting loops, allowing the wheelbarrow to be hoisted. The sturdy handles have knuckle guards, and the leg supports have wear plates.

- ▶ All welded, heavier professional barrow with 1.35 mm steel and lifting lugs
- ▶ An Ekeby-classic with the professionals
- ▶ With knuckle guards, delivered assembled
- ▶ With puncture-free wheel
- ▶ Made in Sweden

Max load	200 kg
Rim	Steel
Trademark	Ekebykärran
Country of origin	Sweden
Bearing	Ball bearings
Total dimension tray	L 920 x W 580 x H 370 mm
Volume top loaded/level	120/100 l
Assembly	Assembled
Handles	Tubes
Surface treatment tray	Powder coated sheet metal
Surface treatment frame	Powder coated sheet metal

Total weight	24 kg
Total measurement	L 1410 x W 680 x H 690 mm
