

## 1125 EKEBY B35 16" PFK w TIPPING FRAME

Hörby Bruk's mortar wheelbarrow is robust and handles challenges with ease. The puncture-free wheel is called Flex Pro, a solid cast wheel that eliminates punctures while still providing the smooth feel of pneumatic tires. This version is equipped with a tipping bar to facilitate the emptying of the wheelbarrow. The design is deep and narrow to enhance maneuverability, featuring a fully-pressed tray welded to the undercarriage for optimal stability. The fully-pressed tray effectively prevents materials, such as mortar, from sticking to protruding bolt heads.

- ▶ All welded, heavier professional barrow with 1.35 mm steel
- ▶ An Ekeby-classic with the professionals
- ▶ Bigger puncture-free wheel with tipping support, delivered assembled
- ▶ Made in Sweden

<b>Max load</b>	200 kg
